Bo Peeps

We wronged Mr. E. A. Perrin by not putting him down as the "Man of Ditsinction" in 1951 in last weeks recap of the winners of this honor. We apologized to Mr. Perrin and he said that he'd overlook it THIS time but that any future slights like that would call for a duel, with boxing gloves at fifty paces. If anyone had seen him collecting money Tuesday night they'd say he missed his calling. He had 'em "walking down the aisle" and handing him $1,000 like they were two for a nickle cigars they wanted to get rid of. So a tip of the sombrero to Mr. Perrin. We do recognize him as "One who loves his fellow man."

Now let me TELL YOU something. You know the windows at the Herald got swept out and washed here a few months back. The Soil Conservation Service put in a display and changed it once in a while. Then the Library Board put in one good window and then came Christams and they put in another with the help of some awfully nice ladies, among whom were Mrs. Bess Triggs and Mrs. W. A. L. Robinson and Mrs. Monroe Corbin. Well NOW coming up after the 15th., which is Sunday, Mr. Loughmiller and his whole mess of school children are going to put in a different display in one of the windows EVERY WEEK 'TIL SCHOOL IS OUT. Then to start things off nice he is having his students look over the Library READ MORE displays and write up their observations. There is going to be a little prize money for the best ones. Frist Prize is $2 and a subscription (new or extension) to the Herald. Second prize is a choice of $1 or a subscription (whichever is left.). Well you know Natalie Bynum is president of the Library Board and I told her I needed some prize money. Well. She handed me a personal dollar and told me to see her neighbor George Bowman for a buck. I didn't do that but I did find out that the Library board funds are officially in SAFE HANDS.....Three I asked. Nope Two then....Nope. ONE THEN just one little buck? Please, perty please. NO. So for fourth and fifth prizes I'll get the Librarian to let them keep a book out TWO DAYS OVERTIME without a fine (The Librarian is my wife..... and I KNOW HER) Yep I DO know her and if I offer that prize it'll cost me EIGHT CENTS When I first started looking for prizo money I mentioned it to Mr. Hanes (of TABLE 45) and he said HERE count me in for a dollar so that's where the prize money came from. The other buck is the one I saved at Kathy's Cafe while the wife was on a diet (after Christmas). I wouldn't give her any money for a new dress and she HAD to diet.

G. C. McCullum Dies At Strawn, Rites At Oak Hill Cemetery

Yoe Defaced By Vandalism In Nocturnal Raid

Vandals broke into Yoe High School sometime Thursday night, opened a paper stock locker, removed and strewed a large quantity of the mimeograph paper over the building and threw ink on the floors and walls of the building.

It seemed apparent that there was no motive other than vandalism since nothing was missing said Principal Layfield.

Officers called in prefer to work without publicity therefore no light was shed upon methods employed to apprehend the hoodlums.

The damage to the decoration of the building was estimated by officials at the mere cost of the paint which would be applied by the regular working force and might not exceed five dollars.

Dimes 'Tenshun! Begin March At 7:30 p.m. Friday

The March of Dimes Campaign will be officially launched in Milam County Friday night at a kick off dinner and campaign planning session for county workers.

County workers will meet at 7:30 at the Milam Coffee Shop in Cameron to receive supplies and complete fund raising plans, according to Hinton Pruett of Cameron, March of Dimes Chairman.

"Polio Vaccine has been proved safe and effective, but polio is still with us. In 1956, the Milam County Chapter of the National Foundatoin of Infantile Paralysis' patient aid program must give March of Dimes help to 16 county patients in addition to new patients. To all these, March of Dimes backing must and will be given in their fight for a life worth living," Pruett pointed out.

City Of Thorndale Names County In Contract Suit

Milam County along with thirty other creditors are named in a suit brought by the City of Thorndale as a result of default on the part of C. Joe Evans Construction Co. in a street water and sewer contract between that company and the city.

The county had accomplished work for and in behalf of the company by use of heavy county equipment and so were named jointly in the suit.

Mr. and Mrs. Ole Anderson of San Francisco, California and Mr. and Mrs. Richard Johns of Dallas were guests of Mrs. Ida Johns over the week end.

Yoemen Begin District Title Quest Friday

By Max McClaren

Cameron Yoemen will inaugurate their 1956 District play Friday night by journeying over to Georgetown to meet the Eagle quintet.

The eagles were the district winners in 1955 and from all indications might repeat the act this year. Their top ace star, Bob Snowden, is back from last year and going strong.

Coach Dick Young, veteran Yoe men basketball headman, said Wednesday that his team was undergoing regular practices in preparation for the Eagles. He said his team is inexperienced in that four of his starting lineup boys are sophomores with only one senior listed, who is John Duncan a guard. Other starters are Geo. Hillman, center; Bobby Elliott, guard; Ray Green and Arthur Marek both forwards. Johnny Solomon and Steve Polzer are coming along fine as forward and guard respectively.

Coach Young said that he was having to build a team mostly from Freshmen and Sophomores this year and the field is wide open for any boy who will get in there and hustle to land a place on the team.

The Yoemen won district for four years straight from 1951 to 1954 and in 1953 went to regional finals to "bring home the bacon."

Local fans are enthusiastic that the season will get underway this week. Next Tuesday, the Rockdale Tigers will be here for the second game of the season.

Charter Questions

Here are some of the questions about the proposed charter which will be answered in next weeks paper.

1. What is the need of adopting a charter?
2. Will the City Council be able to operate the city as it sees fit, if we adopt the charter?
3. If we adopt the charter, does that mean that we will have a City Manager?
4. If we adopt the City Charter, will it increase our taxes?
5. If we adopt the City Charter, does it affect our keeping livestock and poultry within the city?
6. Does the charter give the city the right to take into it's limits property adjoining the city limits without a voe of the people living there?
8. Does the charter change any of the elective offices to appointive offices?
9. Does the charter change the manner of electing the councilmen?
10. Does the charter give the city the right to create a compulsory garbage collection service at our expense?

write the proposed charter?

12. Is it against the law for us to ask these people on the charter commission about the charter?
13. When do we vote on the charter?
14. If we adopt the charter will all of the city officials be put out of office?
15. Will it be more expensive to operate the city under the proposed charter?
16. If we adopt the charter will I lose my right to vote in city elections.

These are questions posed by people from time to time so look for the answer to any of them that you feel the need of knowing about.

Federal Trapper Employed By County For Ninety Days

When Clifford Morgan starts trapping the wolves in Milam County on the First of February, as professional trapper hired for ninety days by the Federal Government and the county, it is the belief of many farmers and ranchers here that his success will come from the fact that he knows the county and the people well because of his long residence here.

A committee of about 25 men headed by Farm Bureau president John A. Smith presented the case of the Milam County farmers and ranchers versus the predatory animals which prey on the products of their labors.

All the figuring and the matching of figures by the Smiths--Judge Charlie Smith and Farm Pres. John T. Smith was resolved with the motion of Commissioner C. S. Raney, precinct 1, when he suggested giving the Farmers and Ranchers time to organize which would be the amount of time orignally requested by the Farm Bureau of ninety days, costing Milam County, on the basis of two-thirds of the salary and costs approximately $600 for the ninety day trial period.

Following the trail or beginning period the farmers and the ranchers under the leadership of the Milam Farm Bureau are expected to be organized and then will cooperate in the payment for services rendered on a one-third basis with the Federal government and the county sharing one-third each. The trapping will then continue so long as deemed necessary by all parties.

A number of the ranchers told of the depredation on their flocks of turkeys and on their sheep and even, in one instance, where calves born in the fields wer misad and credit laid at the door of the wolves.

Frank Moffat reported that he had run a pack of dogs in pursuit of the wolves but that he didn't have time for such activities and make a living too. "I'm getting rid of my dogs," he said. R. P. Lehman of Buckholts told of the attacks on his cattle credited to the wolves. He told how he caught one of the wolves in his sights and liquidated him while still another farmer noted that the animals had come to his very front door in packs but lamented that his aim was not as good as Lehman's and that he invariably missed.

James E. Poore, stationed at A & M College as Field Supervisor of the U.S. Fish and Wildlife Service, division of predatory animal control was present. In underscoring the economic loss to the county from the predatory animal he noted that in some instances the potential loss is greater than the actual loss. By that he said that he meant that many who would be encouraged to diversity and to raise stock are not doing so because of the hazard of the predatory animal.

Poore pointed out that his division has been active since 1914 and that 125 trappers are now regularly employed. This season is the best for accomplishing our work because it is the mating season. The males are still running in packs and after mating they will break up into pairs and will go their various ways and make it harder for the trapper.

A better understanding of the people, at this time, plus the fact that the problem is now very acute will make the work much easier than in the former try in this county several years ago. It is necessary to get permission of the property owner before going on his land. A requisite too is that all dogs in the vicinity be tied up for the duration of the stay on a given farm or ranch.

The Farm Bureau accepted the leadership of the campaign from the beginning with the offices of that organization offered as a clearing house for reports and publicity on all activities of the Federal men.

The bounty approach to the problem had proved unsatisfactory or at least insufficient to deter the animals in their devastation. F. W. Vogelsang reprted a loss through several years of $500 to $600. Bounties originally was $25 for wolves and this was later revised to $20 for grown animals and $5 for the pups. Unfortunately this also left the county open to paying for the dead animals imported from other counties.

Following the work of the federal men the field will be open to the sport of fox and wolf hunting it was pointed out. But in the meantime the work of the trapper will depend heavily on the determination and the cooperation of the general farm and ranch population.

The Walled Lake Door Company, one of the nation's largest door manufacturing firms, will construct a plant in Cameron and will begin production within 90 days, the firm's president announced here this week.

George Quinif of Atlanta, Georgia, president of the company, said the plant will be located on a 50-acre tract north of town near U.S. 77 and the Southern Pacific Railroad. About 50 persons will be employed.

Sixty Meet; Raise $32,000

A 24,000 square foot steel building will be constructed to house the cutting machinery, presses and glue equipment used to manufacture the doors. Quinif said the plant output will be 1720 doors a day shortly after the plant opens.

The Cameron operation will be the sixth plant for the company. The other five currently producing 10,000 doors daily are located at Walled Lake, Michigan, Eufaula, Alabama; Nescopeck, Pennsylvania; Portersville, California and Gila Bend, Arizona.

Quinif explained the company constructs hollow core wooden doors used in residences and offices. The doors will be made of fir, grown in the Pacific Northwest, and plywood sent here from Canada, Japan and other parts of the United States. Various sizes of doors will be fabricated.

Colonel Jay M. Holmes, a former University of Nebraska football star, will be plant manager here. Col. Holmes and his wife will move here soon from Portersville.

Col. Holmes has been in Texas for some time, seeking a site for the plant. During his tour over Central and East Texas, many towns were visited. These included Palestine, Jacksonville, Crockett, Ennis, Hillsboro, Mexia, Hearne, Taylor, Temple, Belton, McGregor and Hubbard.

Quinif, who made the final selection of Cameron, said, "All of these towns have excellent industrial facilities and we found that all of them were extremely cooperative. The decision was a difficult one. The three deciding factors, however, were based on the fact that Cameron is located on the Southern Pacific Railroad, the town is nearly the same distance from each of the three most populous areas—San Antonio, Houston and Dallas—Ft. Worth, and Cameron is a relatively small city. I enjoy doing business in a small city."

Quinif's reference to the Southern Pacific Railroad as a deciding factor was made because two of his other manufacturing plants are situated on the Southern Pacific and he feels this will expedite the shipping of materials.

The 50 - acre tract where the plant will be located is owned by the Cameron Chamber of Commerce, and this group will construct the building for the company. The company will lease the land and building and will hold an option to purchase both.

Quinif and Col. Holmes commended Cameron groups and individuals for their assistance in helping locate the plant here.

"The assistance rendered by the Chamber of Commerce and its President Bill Burns was invaluable," Quinif said. "Lester Williams, Milton Brown, Jr., Gene Blake, County Judge Charlie Smith and Henry Siebman also played an important part and without their help we would not have been able to accomplish our goal," he added.

"I would like to pay special tribute to E. R. Williams, industrial consultant for the Texas Power & Light Company and to his firm. Williams served as the field general for my visit to the various towns, including Cameron. He supplied many pertinent facts and made necessary arrangements for meetigs with many groups," Col. Holmes commented.

Quinif added that the industrial departments of the Southern Pacific, Missouri - Pacific, Cotton Belt, Santa Fe and the Katy Railroads, and the Southwestern Electric Service Company were extremely helpful in their assistance.

"There are, of course, others that helped and we want to thank them all," he concluded.

The door of opportunity for Cameron to grow and grow with industry was swung wide open Tuesday night with the subscription of funds to obtain a door factory.

A hastily called meeting of business men Tuesday was responded to by sixty business and professional men turning out at the courthouse at 7:30 and when the nose counting started for the raising of $40,000 the money was pledged at the rate of nearly $1,000 per minute. The reason the drive was short of its goal Tuesday night was only because the meeting was short of many of the men who were not contacted in time to be there or were otherwise detained.

The Industrial Committee wound up a piece of fast work in fine style with its chairman, Lester Williams, opening the meeting and then turning it over to the trustee E. A. Perrin. Perrin called on Oxsheer Smith who delivered an inspirational talk punctuating it at the end with an exclamation point consisting of one check signed by himself, for $1,000 and with the notation in the corner "For Cameron".

E. A. Perrin then took over and started a secretarial staff to counting the money and pledges which at first mounted at the rate of $1,000 per name and then $500 and later $300.

When the counting was over the money averaged out at more than $800 for every man and woman present at the meeting.

The factory location obtained by the committee which is on the old Waco highway, west of the Southern Pacific tracks and opposite the airport contains 50 acres or exactly twice the amount required at this time by the firm.

Members of the Industrial committee who are successfully winding up this deal for Cameron this week with the signing of contracts is composed of: Lester Williams, chairman, Bill Burns, Narvie Caperton, E. A. Perrin, C. A. Jackett, Drayton McLane, Henry Siebman and Milton Brown.

A complete list of those who subscribed along with amounts will be run in the next issue of the Herald.

Breeders Know

One Out of Five Calves Will Die!

Of every five calves dropped last Fall, one will die before it is six months of age. Faulty management and poor sanitation are often the reasons. But poor nutrition is a contributing cause, too.

Calf feeding may not be sufficiently balanced to maintain calf health some nutrients lacking or a poor balance in all. Good feeding includes these practices:

1. Calves are *gradually* weaned from whole milk or milk replacements. A safe age at which whole milk or milk substitute may be replaced by a suitable starter—grain mixture and roughage—depends on their vigor. Usually six weeks can be considered a safe age for this change.

2. Calves are turned out to pasture as soon as practicable after four months of age. Continue to provide the usual feed and allow access to salt, water and shade. (While grass is an excellent feed for mature animals, it does not contain enough essential *growth*-permitting nutrients for calves. **As a result, they easily fill their** smaller stomachs with grass and are still nutritionally deficient.)

3. A selection of branded feed with a *balanced* content is a very necessary diet supplement.

Experiments in agricultural colleges and laboratories have repeatedly shown that well-fed calves using a balanced diet grew faster, had sleeker coats at four months, carried more flesh and were larger. Calf losses were negligible.

Assuming proper sanitation methods, farmers who give proper feeding the attention it deserves will cut their calf losses to the vanishing point, says the Agricultural Service Department of Union Bag & Paper Corporation, makers of multiwall paper feed bags.

50 Diarrhea Cases Reported For Early Jan. By Health Unit

Infectious diarrhea has taken its toll with 50 cases being reported during the first week in Jan.

The Milam County Health Unit reports annual immunizations in theria and smallpox were completed early in December. Many students finished their series of shots at the Cameron and Rockdale Clinics. The remainder who need additional immunizations should go to these clinics as soon as possible to obtain maximum benefit.

Polio vaccinations are picking up reports Dr. Bryson. In both the schools against typhoid, diph- the private offices and in the Health Units there is sufficient vaccine on hand to meet the needs of all interested in this preventive measure.

Mrs. Mildred Wheeler of Cameron who has had wide experience in nursing activities was selected as a replacement during the latter part of December for Mrs. Ruby Ellen Brown, resigned.

Buckholts Baptists Wo ship In Remodeled, Redecorated Chu

Members of the Buckholts Baptist church held worship services in their newly remodeled and redecorated church Sunday, after several weeks of worshiping in the school gymnasium.

Approximate cost of building material, new furniture and hired labor is estimated between fifteen and sixteen hundred dollars Greater part of labor donated by its members and the pastor, Rev. Claude Ellis kept cost at a minimum.

Building committee members are W. D. Porter, chairman, E. E. Phillips, O. W. Whittington, Leon Brady, Edwin Gandy and H. V. Hess. New improvments to the sanctuary present an intirely new look with its refinished floors and greens is carried out in the textoned walls and ceiling finished in pastels with a deeper shade of pews. A color scheme in soft green used in carpeting the center isle, choir and alter.

A new pulpit stand in lime oak with matching Gothie chairs and table replaces the old pulpit furniture. Additional improvments include new light fixtures, a new enclosed vestibule leading to the sanctuary and new furniture for three Sunday school rooms.

CARD OF THANKS

We take this method of expressing our sincere thanks and appreciation for all the kind expressions of sympathy extended us during the illness and at the death of our loved one. We are especially grateful to Dr. Swift, Rev. Graham Pugh and to the pallbearers. And also to those who sent food to our home, the beautiful floral offerings and to the people of the Christain Church who did so much for us. Your words of comfort and expressions of sympathy has meant much to us. May God bless each of you.

and family

In loving memory-of our dear mother and wife, Mrs. Bob James who passed away one year ago today, January 11, 1955. Sadly missed by her husband and children.

Catholic Youth C... At Christmas Party

On Wednesday night before Christmas, all was quiet, nothing stirred, except the Catholic Youth group as they went out carolling.

It all started at the annua

It all started at the annual Christmas party and following about an hour of carols the group returned to the Simon and George Hall where games were played and refreshments were served. Paulie Kuntz and Bobby Balhorn sang and played the Ukelele.

The party ended with the singing of "Home Sweet Home."

Guests were Thomas and Gerald Beach and Johnny Marek.

Rev. Leonard Buxkemper was sponsor.

CARD OF THANKS

We wish to thank all the good people at Cameron for their kindness and sympathy shown us at the passing away of our beloved wife, mother and sister, Mrs. A. J. Richardson for the many beautiful flowers and food.

Also Green's Funeral Home and Rev. Caperton. May God richly bless each of you.

Martin Luther Film At Buckholts Hope Lutheran Jan. 15

"Martin Luther", the half-million dollar feature film produced by a cast and crew of seven nations on location in West Germany, will be shown at Hope Lutheran Church, Buckholts, on Sunday, January 15, at 6:00 p.m. and 8:00 p.m.

The film, dealing with the 16th century monk who defied ex-communication and the stake in his demand for religious reform, was produced by Louis de Rochemont Associates, who have the knack of making "provocative pictures."

The title role is played by Niall MacGinnis, British actor, who heads a cast and crew of 500 drawn together for the production from the U.S., France, Ireland, England, Scotland, Germany, and Austria.

Lothar Wolff, de Rochemont veteran of **The March of Time** series and ECA films, produced the film on location in the towns, castles, and churches of West Germany. Iving Pichel of Hollywood directed and played one of the key roles.

The script, prepared by Allan Sloane and Wolff, is based upon Roman Catholic and Protestant sources and leans heavily on historic documents for its dialogue.

There will be no admission charge, however, a free-will offering is being requested.

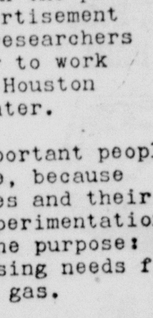
SCIENCE IN YOUR LIFE

Farmyard Fever

An important medical fact often neglected by animal lovers is that pets and other apparently harmless animals can be a threat to our health, and even our lives. Medical authorities estimate that people can contract as many as 80 diseases from animals or animal products.

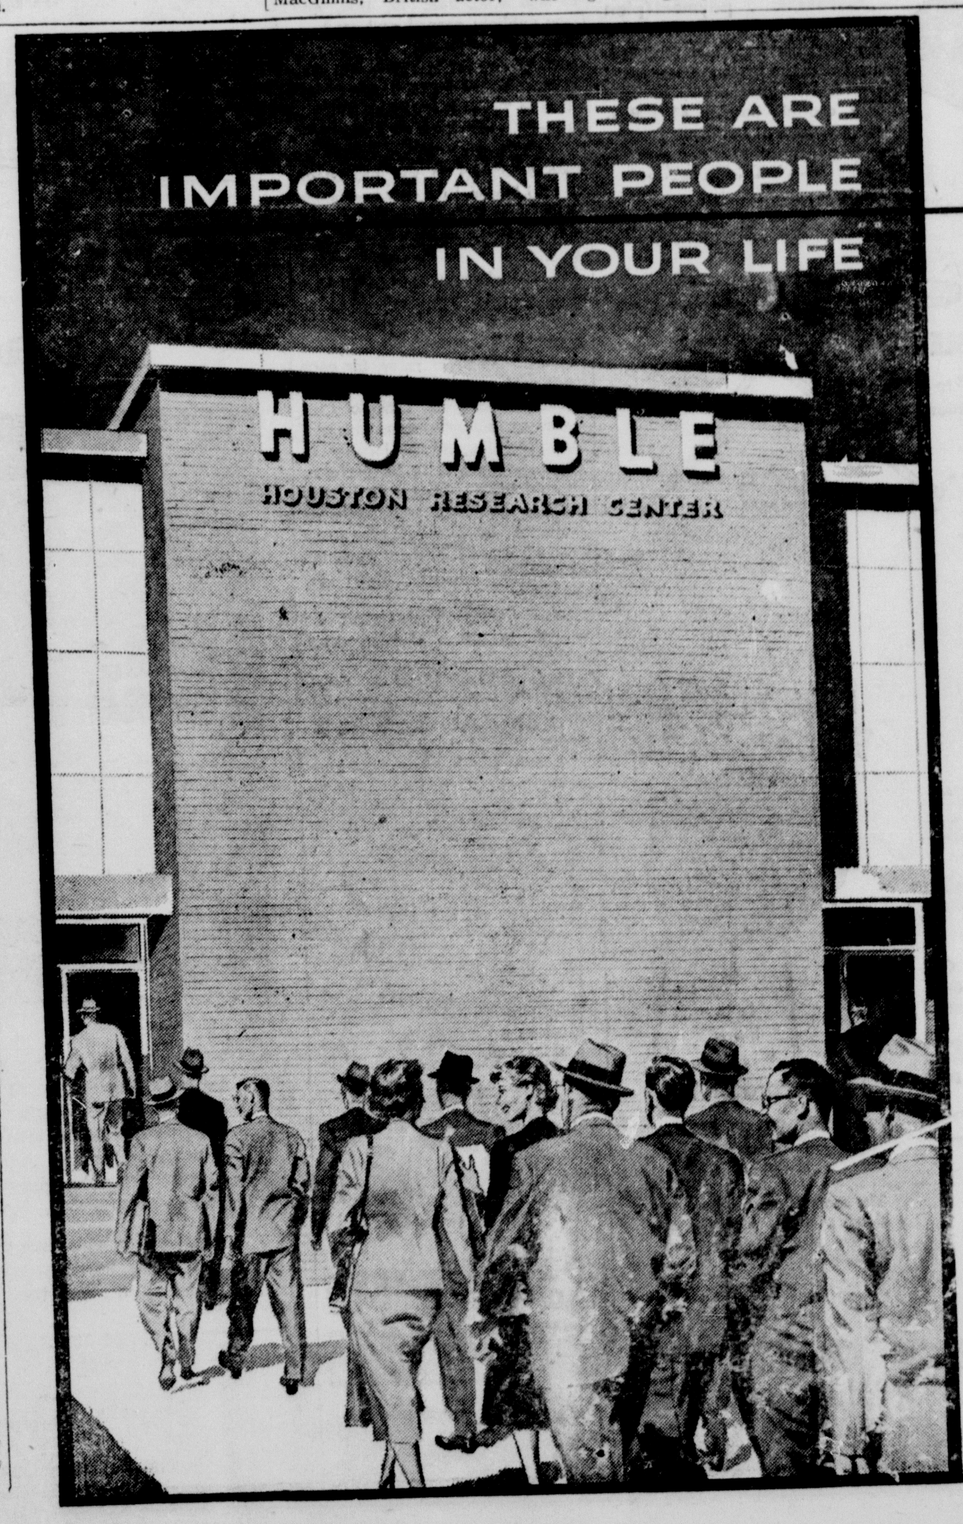


One of the commonest and most baffling of these animal-transmitted diseases is undulant fever or brucellosis, often carried by cows.

"There are few diseases so destructive to both men and animals," asserts one medical expert. In the U.S. alone, it has wiped out $87,000,000 worth of dairy products and veal calves in a single year, and afflicted more than 10,000 persons.

In addition, thousands of other brucellosis sufferers probably go undiagnosed annually, medical experts point out, for the disease can mask itself under a variety of symptoms, ranging from a general "run-down" feeling to personality disorders. It can even be confused with such diseases as typhoid fever tuberculosis and malaria. Characteristically, the disease causes waves of fever which rise and fall over a period of months, and may prove fatal to its victims.

Now proving effective in treating brucellosis—particularly in its acute phase—is the antibiotic drug Terramycin. Administered to patients in an investigation carried out in Guadalajara, Mexico, the drug produced prompt improvement in all the acutely ill patients, restoring their temperatures to normal within two



Dear Friends

The people in the picture
in this advertisement
are Humble researchers
on their way to work
in Humble's Houston
Research Center.

They are important people
in your life, because
their studies and their
constant experimentation
have only one purpose: to supply
your increasing needs for oil
and natural gas.

At the Houston Research Center,
they pool their efforts
to make the finding
and production of oil
and natural gas more efficient.
And since they are top people
in their different fields,
their work has met
with notable success.

It has helped to make
the Humble Company
not only the largest
but also one of the most
efficient producing companies
in the country.

The new ideas, new methods
and new practices
developed by Humble researchers
have resulted in the discovery
of new reservoirs
of a valuable natural resource;
in making these reservoirs
more productive;
and in prolonging their life
for your future benefit.

War Could Be Nice If Enemy Shot Cuties From Cannons As Grabel Does

Internationally Famous Stage Review due in Cameron. The fabulos Lee Grabel and his entire company will move into the Simon George Auditorium on Tuesday Jan. 17th. A freight car of stage paraphernalia is used in this famous stage extravaganza.

One of the sensational numbers in this Lions & Kiwanis sponsored stage review is shooting a girl from a cannon. The young lady featured in this number is internationally known as the "Human Cannon Ball". She is placed in the cannon, there is a roar - and she is on her way. Truly a stage production you will not want to miss.

"The Actor" theatrical trade journal, claims the Grabel Show to be the most novel and sucessful stage review touring America today. Truly a stage production you don't want to miss.

The Immaculate Conception Catholic Church in Tyler, was the scene on December 17, 1955 at 2:30 P.M. of the marriage of Greta Robertson and Otto G. Zotz Jr.

The bride is the daughter of Mr. and Mrs. D. B. Robertson Rt. 5, Marshall, Texas, and the groom is the son of Mr. and Mrs Otto G. Zotz Sr. of Cameron.

The church was decorated with white mums on the Altar and baskets of gladiolus.

The bride, given in marriage by her father, wore a floor length white satin dress, the bodice was lace over satin with long lace sleeves coming to points at the wrist. Her veil was attached to a small white hat. She wore a gold cross, a gift of the groom's mother and white earrings which were borrowed. Her bouquet was white carnations atop a white prayer book, a gift of the groom.

Miss Nell Armstrong, of Marshall was maid of honor.

Lawrence Zotz, brother of the groom was best man.

Rev. Joseph Thomas performed the double ring ceremony, and Mrs. Cristine Archer was organist.

After the ceremony a small reception was held at the apartment of the bride and groom.

Miss Nell Armstrong served the punch and Mrs. Marie Kerr served the three tiered wedding cake.

For a wedding trip to Troupe and Henderson, Texas the bride wore a beige and white suit, a pink hat and gloves and coffee brown shoes.

The bride, a graduate of Marshall High School and Tyler Commercial College is employed as a secretary for a Lawyer in Tyer.

The groom, a graduate of Yoe High School is a radio and TV student at Tyler Commercial College in Tyler and is employed part time by Good's Pharmacy in Tyler.

Out of town guests attending the ceremony were Mrs. Frances Zotz, Miss Mildred Zotz, and Mr. and Mrs. Lawrence Zotz and children all of Cameron, Mr. and Mrs. Sam Oliver of Waco, Mr. and Mrs H. N. Ponnix of Minola, Mr. and Mrs. D. Robertson and Jerry, Mrs. R. H. Armstrong and Nell all of Marshall, Texas.

SPEND 15 MINUTES IN A "PowerStyle" CHRYSLER

learn why it's today's biggest buy of all fine cars!

Pushbutton PowerFlite . . . mechanical and trouble-free, it's right at your fingertips on the safe *left* side where only the driver can reach it.

It doesn't take long to find out why Chrysler is winning the reputation as the performance leader of 1956. Just a few minutes behind the wheel of a big Chrysler Windsor V-8 like this one will show you why.

Suppose you are in the right-hand lane on an expressway . . . four lengths behind a big truck rolling along between 35 and 40 miles per hour. You want to pass. You toe the throttle and in *eight seconds flat you're four lengths ahead of that moving truck* and back in your own lane!

That's 1956 Chrysler performance. That's the kind of power only the "PowerStyle" Chrysler can deliver . . . with its great airplane-type V-8 engine.

And that's not all. There's full-time PowerPilot Steering . . . Pushbutton PowerFlite, the ultimate in automatic transmissions . . . and the big PowerSmooth Brakes that outlast others 2 to 1.

These are just *some* of the exciting new things that await you the first time you pilot a "PowerStyle" Chrysler. If you're driving one of the other cars in Chrysler's price class, by all means make a direct comparison now. Just 15 minutes behind the wheel will show you why it's the biggest buy you can drive today!

GREEN MOTOR CO. Corner Milam & Kemp Cameron, Texas Ph. 17

Farmer and rancher soil conservation district supervihions from all over Texas will gather in Lubbock January 18 - 20 to review 1955 progress in soil anid water conservation, discuss needs and map plans for 1956.

The occasion will be the 15th annual meeting of Texas' soil conservation district supervisors and their annual Soil and Water show. Both will be held in Lubbock's Fair Park Coliseum.

This year's Soil and Water show-largest yet for the supervisors' organization will bring together a comprehensive display of irrigation, brush control, and other farm equipment designed to make conservation easier. Some 65 exhibit booths have been reserved by business, manufacturing, and distributing concerns. Exhibits will be indoors and admission is free.

Water legislation for Texas, flood prevention on small watersheds, and more conservation too through Districts are some of the principal topics to be discussed in convention sessions convention planners are calling it a "working convention". The affair is arranged by the 860 supervisors who govern Texas' 172 soil conservation districts. Most people attending are expected to be supervisors and co-operators, but both the convention and the show are open to the public. John Royal, Menard rancher and president of the supervisors' association, and C. M. Caraway of DeLeon, chairman of the State Soil Conservation Board, extend a special invitation to all interested farmers and ranchers to attend the convention sessions as well as the show.

W. F. Voelker, Manor, chairman of the board of supervisors of the Taylor Soil Conservation District was selected to represent the Taylor District in this convention and will attend the meeting.

Prompt Handling of Tax Forms Promised By Treasury Dept.

Employers can help employees file early, H. W. Ewing of the Temple office of Internal Revenue Service said today.

Business concerns that issue W-2 tax withholding statements now make it possible for their employees to file their returns early. This assures quick refunds for thousands. There should be no delay in getting a refund for those who file a correct return now. Taxpayers are urged to study their instruction booklets so that when W-2 statements are issued they can get their refunds without delay.

Farmer Who Paid $100 Wages Is Now A "Deeduck" Hunter

Farm operators who have paid as much as $100 in cash wages to any farm employee during the year 1955 should file an employer's tax and information return for agricultural employees, H. W. Ewing of Temple announced today. This tax return should be filed with the District Director of Internal Revenue, Austin, Texas together with the social security taxes on the wages shown on the form.

H. W. Ewing emphasized that this annual report of wages paid for agricultural labor must be filed with the Internal Revenue Service before January 31, 1956. The return must show the name, social security number, and wages paid every employee whose cash wages from the same farmer amounted to $100 or mort.

Farmers, who must make these tax returns and have not yet received or written for the proper forms, should write the District Director of Internal Revenue, Auston, Texas, immediately in order to be sure of getting the report filed before the January 31 deadline, H. W. Ewing urged.

LITTLE RIVER PHILOSOPHER COMES OUT FOR TWO-POCKET PROGRAM FOR BRINGING RELIEF TO THE FARMER.

Editor's note: The Little River Philosopher on his Johnson grass FARM ON Little River has a typical idea on farm relief, his letter this week reveals, but he's on a cold trail.

Dear editar:

I read with a lot of interest yesterday an article in a newspaper which I found near my neighbor's mail box, it could have fallen out of his box but I didn't see it fall and here are enough major problems to think about in the world today without wasting time on the minor ones where there's a race on in Congress to see whether the Republicans or the Democrats can be the first to bring some relief to the farmers.

The thing was referred to as "an election year race to see which party can bring more money to the farmer's pocket," and I'll admit it makes a farmer feel good to be so well thought of.

However, there was one part of the article which disturbed me. Further down in it one Congressman was quoted as saying there ought to be bi-partisan action on the farm problem. Both sides ought to unite on one program right away and get some action, he argued.

Some smart aleck is always trying to put in his two-bits worth. Bi-partisanship is for foreign policy and opposition to sin, not the farm problem.

The farm problem is in such a condition it's gonna take two prescriptions, not just one, to get the patient well, and what I'd like to see is two separate relief programs passed by Congress, one by the Republicans, one by the Democrats, and both designed to put more money in the farmer's pocket. Why not? After all, I've got two pockets. Why practice favoritism? I'd like some added to each one.

In fact, I will be glad to keep strict account on the programs, putting Democratic relief in my left pocket, Republican in my right and which ever weighs the most at the end of the year, that's the program I favor most. If my right side is pulled down, the Republicans are ahead, if my left side, the Democrats; and if both come down equally, so what? Looks like the farmer was fixing to lose his pants anyway.

Let's get this race underway. I've done my part. I've got my pockets ready, my belt tightened and my suspenders hitched.

Yours faithfully,

J. A.

Income Tax Forms In Mail

A rush of Federal income taxpayers to file their returns is expected next week. Instruction booklets and tax forms are being distributed by the local postmaster.

"Now that the forms are here, I hope that taxpayers will start filing as soon as they get their W-2 statements, especially those who have refunds coming," H. W. Ewing of the Temple office of Internal Revenue, said today.

Taxpayers were asked to read the instructions and use the tax forms they receive in the mail.

Texas Draft Little Over One Man Per County

The February draft call for Texas asks for 289 men for the Army, Lieutenant Colonel Morris S. Schwartz, state director of Selective Service, announced Thursday.

The figure is the state's share of a national call for 6,000 men for the Army. Earlier, it was expected that the February call would be around 1,000 for Texas, as the Navy had announced it would ask for drafted men in February. But the Navy finally requested no men.

MH Baylor Seeks Million Dollars In New Campaign

A million dollar campaign was voted this afternoon by Mary Hardin-Baylor trustees.

Following on the heels of a $500,000 campaign, begun by the college in 1953 and nearing completion, Dr. Arthur Tyson, college president, outlined suggestions for a million dollar campaign to the trustees in a called meeting. Money realized in the campaign will be spent on four new buildings—a library, student center, hospital and dormitory, and $200,000 to $250,000 for general repairs and improvements.

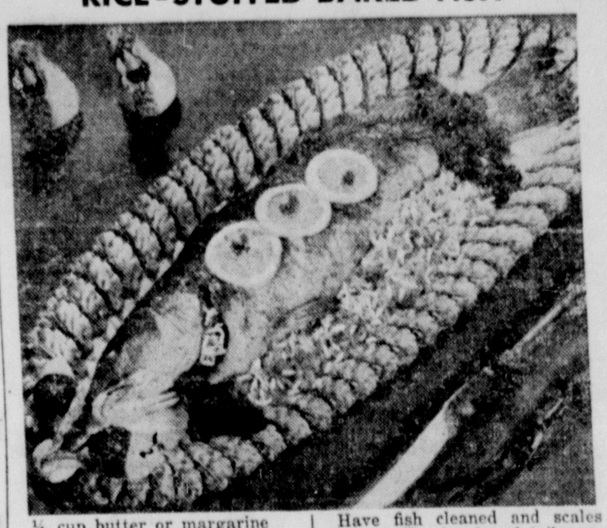
Plans also include the air-conditioning of Burt dormitory, Hardy hall, Alma Reeves chapel and Wells Science hall. Streets on the campus will be paved and sidewalks renewed, Dr. Tyson added.

"Every classroom and dormitory room will be redecorated and refurnished; Presser auditorium will be completed; and $100,000 added to endowment," Dr. Tyson said.

Trustees voted to spend several months picking out a long-range planning committee, with Dr. Grady E. Metcalf, chairman of the board of trustees responsible for the selection of the committee.

"By the time the committee is selected, payment of pledges in the $500,000 campaign will be completed, and the new campaign will start upon its completion," Dr. Tyson explained.

RICE-STUFFED BAKED FISH



¼ cup butter or margarine
2 tablespoons minced onions
¼ cup dry bread crumbs
1½ cups cooked rice
½ teaspoon salt
⅛ teaspoon pepper
¼ teaspoon paprika
¼ teaspoon basil
¼ teaspoon dill weed or seed
1 tablespoon minced parsley
1 tablespoon lemon juice

Cook onions in butter until soft. Remove from heat. Add crumbs, rice, salt, pepper, paprika, basil, dill weed, parsley, and lemon juice. Toss lightly until blended.

1 3 to 4-pound whole fish
2 tablespoons butter or margarine
1 teaspoon salt
¼ teaspoon pepper
2 slices lemon
⅛ teaspoon paprika

Have fish cleaned and scales removed. The head and tail may be removed if desired. Wash thoroughly.

Fill cleaned fish lightly with the stuffing. Fasten opening with skewers or toothpicks and thread. Spread butter over entire fish. Sprinkle with salt and pepper.

Cut lemon slices in half and place in center of large baking pan. Set fish on lemon slices. Sprinkle with paprika.

Bake in moderately slow oven (350°F.) about 45 minutes, or until fish flakes easily. Baste frequently with additional butter or salad oil. Serve on heated platter, garnished with additional lemon slices and parsley. Yields six servings.

Subscribers Write

A letter renewing his subscription to the Herald was received from W. L. Duke. He recalled that as a boy of six he moved to Milam County in 1876 crossing the Brazos at the Harlin crossing. His family lived in the Maysfield community for 25 years. His home now is in Runnels.

Mrs. Warren Compher writes from Fort Jones California that 50,000 people are homless due to the recent floods. The Fort Jones Valley was hit hard and electricity and telephones were out for over a week. Her family had to ration their food supplies because they couldn't get to town because of the bridges being out and rock slides over the highways. "It was awful..... I have never seen anything like it in my life," she concludes.

Wonderful ways with fruits and vegetables

Perk up your winter menus with some of these new ideas! You'll find all the fresh fruits and vegetables...together with the other ingredients...featured at Safeway now!

FOLKS RAVE about eggburgers. Just scramble eggs with chopped green pepper, tomato and onion. Season. Spoon on hot toasted buns and pass the ketchup.

NEW TWIST to the ever-popular cinnamon toast. Toast bread and spread one side with butter. Top with thinly sliced bananas; sprinkle with cinnamon-sugar mixture and bake until bubbly.

GOOD COMPANIONS are hot buttered cauliflower and creamed chipped beef. A vegetable is a nifty substitute for the usual toast.

WHAT'S COOLING? Avocados. They should be nice and chilly for the dinner appetizer made by dressing cubed avocado with equal parts of sour cream and chili sauce, spiked with lemon juice.

FOR BRIGHTER GREENS: Perk up lettuce, cabbage and other greens by plunging them in salted ice water mixed with a bit of vinegar.

SWEET IDEA this Sweet Potato Ambrosia. Mash hot sweet potatoes, adding enough orange juice to make them fluffy. Heap into casserole, dot with butter and sprinkle with coconut. Bake until coconut toasts.

ENTERTAINING IDEA: Cut potatoes into fingers as you do for French fries; scallop them your usual way and sprinkle with poppy seeds just before serving.

GO STYLISH with green beans simmered in consomme or bouillon. When they are tender but still slightly crisp, stir in hot cooked mushrooms.
